**Operations Management for MBAs by Meredith, Jack R. PDF**

Operations Management for MBAs provides an introduction to the basic concepts of operations management with a strategic, conceptual, and contemporary approach. Specifically written with the needs of MBA students in mind, current topics such as supply chain management, the balanced scorecard, and yield management, as well as those specific to marketing, finance and other majors are explained ...

**Operations Management for MBAs, 5th Edition [Book]**

Operations management, with its widened scope, is responsible for the management of productive systems, that is, it is responsible for systems which either create goods or private service or both. The operations management personnel have the ultimate responsibility for the creating of goods or services.
